Captive, Mine By Natasha Knight, Trent Evans

The day my father agreed to testify against Terrence Randall, one of the most ruthless drug traffickers in North America, was the day I became the target of the drug lord's enraged vengeance. I was the one thing that stood in the way of Daddy's testimony, and the one thing that could save Randall. The man would stop at nothing to get his hands on me.

I was prepared for what was coming — as prepared as one could be when vanishing into the U.S. Marshal's Witness Protection Program.

I just wasn't prepared for *him*.

For ex-Navy SEAL turned mercenary Lake Freeman, escorting Lily Cross into the Witness Protection Program was just another job — until a better offer came along. Lake couldn't have cared less about the life he'd been hired to protect. After all, she was a part of the very organization that had cost him so much already.

At least he never expected to care.

But when forced into a decision he never thought he'd have to make, the mission became one of survival for himself and his beautiful charge. Lake knew that in order to protect her, he'd need to bring the feisty and unpredictable Lily to heel — he couldn't keep her safe if he couldn't keep her under control.

But that protective urge quickly turned into something else, something dark ... and his need to conquer, to claim, overrode all else.

He would keep her safe. He would keep her protected. But he would make her his, as well.

Now, all he had to do was figure out how to keep them both alive long enough to do it...

Editorial Review

About the Author

Natasha Knight is the author of several BDSM and spanking erotic romances all of which explore the mind of the Dominant male and the submissive female, discovering just beneath the surface of each story that key element of love. Her characters are as human as she: powerful and vulnerable, flawed, perhaps damaged but with an incredible capacity to love.

Trent Evans is an independent author of BDSM erotic romance and erotica. Putting pen to paper since he was a wee lad, he decided to try to share some of the tales cooked up in his fevered imagination. Some readers might not be horrified at what he writes. He tries to write stories that appeal to both women and men (wow, threading the needle), but will follow wherever the story takes him.

A long-time resident of the Pacific Northwest, the author believes that the high percentage of authors in the region (compared to the nation as a whole) is chiefly due to the fact that it's so damned wet and miserable all the time there. They tend to use their long hours cooped up inside spinning yarns that depict things they'll never see or experience — such as sunshine.
