Editorial Review

About the Author

John Magnus is a software engineer and e-commerce entrepreneur, inter-dimensional traveler, writer, and musician originating from Halmstad, Sweden. Since his birth in 1977, John lived a quiet and dull life until he one day discovered the discipline of astral projection. This event aroused a fierce desire to understand the out-of-body phenomenon, and in conjunction, to understand physical reality. John has undertaken countless investigative expeditions into the astral and the findings are presented in Astral Projection and The Nature of Reality. Because of the commonly hard-to-digest nature of the unknown, the book is designed to gently guide the reader toward his own astral discoveries, rather than merely disclose opinions. In order to spread the knowledge of astral projection, John gives workshops on related subjects. To make reservations or to request more information, please visit John Magnus' website at www.johnmagnus.com John's physical body currently resides outside Boise, Idaho USA, with his wife Barbara the crystal-practitioner, Jazz the Dalmatian, and several cats.
