### Red-Headed Stepchild (Sabina Kane) By Jaye Wells

In a world where being of mixed blood is a major liability, Sabina Kane doesn't really fit in. And being an assassin-the only profession fit for an outcast-doesn't help matters. But she's never brought her work home. Until now. Sabina's latest mission is uncomfortably complex and threatens the fragile peace between the vampire and mage races. As she scrambles to figure out which side she's on, she uncovers a tangled political web, some nasty facts about her family, and some unexpected new talents. Any of these things could be worryingly life changing, but together they could be lethal.
