The Inner Circle By Brad Meltzer

There are stories no one knows. Hidden stories. I love those stories. And since I work in the National Archives, I find those stories for a living.

Beecher White, a young archivist, spends his days working with the most important documents of the U.S. government. He has always been the keeper of other people's stories, never a part of the story himself...

Until now.

When Clementine Kaye, Beecher's first childhood crush, shows up at the National Archives asking for his help tracking down her long-lost father, Beecher tries to impress her by showing her the secret vault where the President of the United States privately reviews classified documents. After they accidentally happen upon a priceless artifact - a 200 hundred-year-old dictionary that once belonged to George Washington, hidden underneath a desk chair, Beecher and Clementine find themselves suddenly entangled in a web of deception, conspiracy, and murder.

Soon a man is dead, and Beecher is on the run as he races to learn the truth behind this mysterious national treasure. His search will lead him to discover a coded and ingenious puzzle that conceals a disturbing secret from the founding of our nation. It is a secret, Beecher soon discovers, that some believe is worth killing for.

Gripping, fast-paced, and filled with the fascinating historical detail for which he is famous, THE INNER CIRCLE is a thrilling novel that showcases a brilliant author writing at the height of his craft.

Editorial Review

From [Booklist](#)

In this political thriller with historical-conspiracy overtones (or perhaps it's the other way around), Meltzer creates his most engaging protagonist in years. Beecher White is an archivist with the National Archives, who stumbles upon an old book hidden away in a room used exclusively by the president. But did the president know that the book (a spelling dictionary that once belonged to George Washington) was there? And—almost impossible for Beecher to imagine—could it be that the president or someone close to him is willing to kill to regain possession of the book? Meltzer teams Beecher with an equally strong character, Clementine Kaye, a woman from the archivist's past whose estranged father is, perhaps not coincidentally, the man who tried to kill the current president's predecessor. Meltzer expertly develops the story, throwing in twists and turns at appropriate intervals, and he does an excellent job of putting us in Beecher's corner and making us care about what happens to him. The story has a surprising and satisfying conclusion, and Meltzer leaves the door wide open for a sequel. --David Pitt

Review

"Meltzer has earned the right to belly up to the bar with John Grisham, Scott Turow, and David Baldacci." **?PEOPLE**

"Meltzer is so good." **?ENTERTAINMENT WEEKLY**

"Meet the next John Grisham." **?MIAMI HERALD**

About the Author

Brad Meltzer is the #1 *New York Times* bestselling author of *The Inner Circle*, *The Book of Fate*, and seven other bestselling thrillers. In addition to his fiction, Brad is one of the only authors to ever have books on the bestseller list for nonfiction (*History Decoded*), advice (*Heroes for My Son* and *Heroes for My Daughter*), children's books (*I Am Amelia Earhart* and *I Am Abraham Lincoln*) and even graphic books (*Justice League of America*).
