Editorial Review

Review

"I thought the questions were great. The content was generally very relevant to general practice and there was a great breadth of knowledge covered. I feel separating the book into chapters by system is really useful, as it allows the reader to focus their learning. The answers are also a great source of knowledge and reference relevant guidance which can then be looked at if further information is needed. I think the flowcharts are a great way of revising a topic as it allows the reader to think systematically about the topic as opposed to only one aspect of it and there are many of these throughout the book. I also think the pictures are useful - very often in general practice we are faced with a rash/swelling/skin lesion - therefore learning in this way is not only helpful and representative of the exam but for working in general practice itself. Having the two papers at the end of the book is an excellent way of consolidating knowledge and helping to prepare for the exam. Having recently sat the AKT, I feel this book is a comprehensive and helpful resource in preparing for the exam." Dr Rebecca Goggins, GP Trainee, Manchester. "An excellent revision book, set at just the right level for the AKT exam covering the whole syllabus with superb succinct explanations. I would definitely be recommending this book to any student sitting the AKT Exam". Dr Chris Campbell, GP Partner ISCA Medical Practice, RCGP Educational Lead (Exeter) & AKT Course Tutor.

Why don't make it to be your habit? Right now, try to ready your time to do the important take action, like looking for your favorite guide and reading a publication. Beside you can solve your condition; you can add your knowledge by the guide entitled MRCGP AKT. Try to face the book MRCGP AKT as your close friend. It means that it can being your friend when you really feel alone and beside that course make you smarter than in the past. Yeah, it is very fortunated for you personally. The book makes you a lot more confidence because you can know every little thing by the book. So , we need to make new experience and also knowledge with this book.

Keith Smith:

The book MRCGP AKT can give more knowledge and also the precise product information about everything you want. Why then must we leave the best thing like a book MRCGP AKT? A number of you have a different opinion about guide. But one aim that book can give many details for us. It is absolutely proper. Right now, try to closer with the book. Knowledge or data that you take for that, you may give for each other; it is possible to share all of these. Book MRCGP AKT has simple shape however, you know: it has great and big function for you. You can search the enormous world by open up and read a reserve. So it is very wonderful.

Jeffrey Peak:

Here thing why this kind of MRCGP AKT are different and reputable to be yours. First of all reading a book is good however it depends in the content from it which is the content is as yummy as food or not. MRCGP AKT giving you information deeper and different ways, you can find any guide out there but there is no e-book that similar with MRCGP AKT. It gives you thrill looking at journey, its open up your own eyes about the thing that happened in the world which is probably can be happened around you. You can easily bring everywhere like in recreation area, café, or even in your way home by train. Should you be having difficulties in bringing the imprinted book maybe the form of MRCGP AKT in e-book can be your choice.

Frederica Dawkins:

Nowadays reading books are more than want or need but also become a life style. This reading habit give you lot of advantages. The huge benefits you got of course the knowledge even the information inside the book in which improve your knowledge and information. The details you get based on what kind of e-book you read, if you want drive more knowledge just go with education and learning books but if you want truly feel happy read one along with theme for entertaining including comic or novel. The actual MRCGP AKT is kind of publication which is giving the reader unstable experience.
