### Editorial Review

From the Back Cover

Since the turn of the twenty-first century, naturalism has become one of the most prominent philosophical orthodoxies in the Western academy. Yet naturalism is more often assumed than defended. *The Blackwell Companion to Naturalism* offers a systematic introduction that defines, discusses and defends philosophical naturalism. Essays tackle naturalism's role in existing cultural conversations, from Libertarianism to Confucianism, and provide detailed examinations of philosophical concepts like metaphysics, realism, feminism, science, free will, and ethics as viewed through a naturalist lens. With contributions from an international array of established and emerging scholars from across the humanities, the collection encapsulates contemporary debates in the field. *The Blackwell Companion to Naturalism* provides an enlightening and accessible guide for self-identified naturalists and philosophy students who are new to naturalism alike.

About the Author

**Kelly James Clark** is a Senior Research Fellow at the Kaufman Interfaith Institute of Grand Valley State University in Grand Rapids, Michigan. He has published more than twenty books, including *Religion and the Sciences of Origins: Historical and Contemporary Discussions* (2014), *The Story of Ethics: Fulfilling Our Human Nature* (with A. Poortenga, 2002) and *Return to Reason* (1990).

### Users Review

**From reader reviews:**

**Eleanor Landa:**
