**Rheumatology: A Clinical Handbook** By Ahmad Al-Sukaini, Mohsin Azam, Ash Samanta

### *Rheumatology: A clinical*

*handbook* is an essential

resource for medical students who need an introduction, understanding and overview

of the subject. Most competing texts

either burden medical students with information they do not require, or cover rheumatology alongside orthopaedics and as a result compromise fundamentals of

rheumatology. This book is different –

it provides all the information students need during their rheumatology placement and signposts them to where they can find further information.

A definition and brief pathophysiology

for each condition is provided, which is linked to the respective clinical features. The book covers the core elements of diagnosis and treatment based on the latest national guidelines to swiftly bring students and junior doctors in training up-to-date. Self-assessment questions and an OSCE chapter provide a way of checking that users have understood and grasped the core material, as well as enabling students to be well equipped for their written and OSCE examinations. Written by two medical students and an experienced consultant rheumatologist, the book combines a reader-friendly writing style with coverage of the material through clinical experience of a professional in the field.

Printed in full

colour throughout, with an attractive design, a clear and concise writing style as well as a range of pedagogical features including an array of mnemonics, pictures and diagrams, *Rheumatology: A*

*clinical handbook* is exactly the sort of book medical students and newly qualified doctors would benefit from.

### Editorial Review

#### Review

"I am a medical student and this is the best Rheumatology book I've found. It's very clear and concise with all of the conditions you need to know without waffling. " \* Amazon reviewer \* "I'm surprised there aren't more medical revision guides like this. The book is really student friendly - the content is straight to the point and I really like the use of boxes, diagrams and pictures. I would definitely recommend this book to any student undergoing their rheumatology rotation." \* Amazon reviewer \*

### Users Review

#### From reader reviews:

##### Denise Zimmerman:

Reading can called mind hangout, why? Because if you are reading a book mainly book entitled Rheumatology: A Clinical Handbook the mind will drift away trough every dimension, wandering in each aspect that maybe not known for but surely can be your mind friends.
