

1776

By David McCullough

1776 By David McCullough

A New York Times Bestselling Author
A Two-time Pulitzer Prize-winning Author

1776 is the story of the Revolutionary War during the nation's tumultuous beginning, and those who, at great sacrifice, fought for what we assume to be our rightful heritage and precious ideals. This is narrative history at its best, bringing to life an extraordinary period and a vast array of extraordinary characters on both sides of the conflict. It is also powerful testimony to how much is owed to a rare few in that brave, founding era.

Simultaneous Publication With Simon & Schuster's Standard Print Version.

Editorial Review

Amazon.com Review

Esteemed historian David McCullough covers the military side of the momentous year of 1776 with characteristic insight and a gripping narrative, adding new scholarship and a fresh perspective to the beginning of the American Revolution. It was a turbulent and confusing time. As British and American politicians struggled to reach a compromise, events on the ground escalated until war was inevitable. McCullough writes vividly about the dismal conditions that troops on both sides had to endure, including an unusually harsh winter, and the role that luck and the whims of the weather played in helping the colonial forces hold off the world's greatest army. He also effectively explores the importance of motivation and troop morale--a tie was as good as a win to the Americans, while anything short of overwhelming victory was disheartening to the British, who expected a swift end to the war. The redcoat retreat from Boston, for example, was particularly humiliating for the British, while the minor American victory at Trenton was magnified despite its limited strategic importance.

Some of the strongest passages in *1776* are the revealing and well-rounded portraits of the Georges on both sides of the Atlantic. King George III, so often portrayed as a bumbling, arrogant fool, is given a more thoughtful treatment by McCullough, who shows that the king considered the colonists to be petulant subjects without legitimate grievances--an attitude that led him to underestimate the will and capabilities of the Americans. At times he seems shocked that war was even necessary. The great Washington lives up to his considerable reputation in these pages, and McCullough relies on private correspondence to balance the man and the myth, revealing how deeply concerned Washington was about the Americans' chances for victory, despite his public optimism. Perhaps more than any other man, he realized how fortunate they were to merely survive the year, and he willingly lays the responsibility for their good fortune in the hands of God rather than his own. Enthralling and superbly written, *1776* is the work of a master historian. --*Shawn Carkonen*

The Other 1776

From Publishers Weekly

Starred Review. Bestselling historian and two-time Pulitzer winner McCullough follows up *John Adams* by staying with America's founding, focusing on a year rather than an individual: a momentous 12 months in the fight for independence. How did a group of ragtag farmers defeat the world's greatest empire? As McCullough vividly shows, they did it with a great deal of suffering, determination, ingenuity—and, the author notes, luck. Although brief by McCullough's standards, this is a narrative tour de force, exhibiting all the hallmarks the author is known for: fascinating subject matter, expert research and detailed, graceful prose. Throughout, McCullough deftly captures both sides of the conflict. The British commander, Lord General Howe, perhaps not fully accepting that the rebellion could succeed, underestimated the Americans' ingenuity. In turn, the outclassed Americans used the cover of night, surprise and an abiding hunger for victory to astonishing effect. Henry Knox, for example, trekked 300 miles each way over harsh winter terrain to bring 120,000 pounds of artillery from Fort Ticonderoga to Boston, enabling the Americans, in a stealthy nighttime advance, to seize Dorchester Heights, thus winning the whole city. Luck, McCullough writes, also played into the American cause—a vicious winter storm, for example, stalled a British counterattack at Boston, and twice Washington staged improbable, daring escapes when the war could have been lost. Similarly, McCullough says, the cruel northeaster in which Washington's troops famously crossed the Delaware was both "a blessing and a curse." McCullough keenly renders the harshness of the elements, the

rampant disease and the constant supply shortfalls, from gunpowder to food, that affected morale on both sides—and it certainly didn't help the British that it took six weeks to relay news to and from London. Simply put, this is history writing at its best from one of its top practitioners.

From School Library Journal

Adult/High School—McCullough concentrates on George Washington's role in the creation of the Continental Army, starting with his appointment in 1775 to lead the rather amorphous army of the united colonies and continuing through his successes with that army at Trenton and Princeton as 1776 turned into 1777. He introduces readers to the 1776 that Washington experienced: one of continual struggle both to create a working army and to defeat the British. The victories that he met outside Boston were soon followed by defeat and near ruin around New York and gave rise to the realization that 1776 might easily have become the worst year in the history of America. McCullough not only provides readers with some of his best work yet, but also presents an important look at one of the most crucial moments in the history of the United States. Black-and-white and color photos are included.—*Ted Westervelt, Library of Congress, Washington, DC*

Users Review

From reader reviews:

Mary Tillman:

Hey guys, do you really want to find a new book to study? Maybe the book with the concept 1776 suitable to you? Typically the book was written by a popular writer in this era. The book titled 1776 is the main one of several books that everyone reads now. This particular book was inspired a lot of people in the world. When you read this e-book you will enter the new dimensions that you never knew just before. The author explained their idea in a simple way, so all of people can easily know the core of this guide. This book will give you a lot of information about this world now. So that you can see the representation of the world in this book.

Susan Parker:

The actual book 1776 will bring you to the new experience of reading a book. The author's style to spell out the idea is very unique. Should you try to find a new book to read, this book is very suitable to you. The book 1776 is much recommended to you to study. You can also get the e-book in the official website, so you can more readily read the book.

Ana Worcester:

A lot of people always spent all their free time on vacation or go to the outside with their family or their friend. Do you realize? Many a lot of people spent that free time just watching TV, or playing video games all day long. In order to try to find a new activity that is look different you can read any book. It is really fun for you. If you enjoy the book which you read you can spend 24 hours a day to reading a publication. The book 1776 it is rather good to read. There are a lot of folks that recommended this book. We were holding enjoying reading this book. If you did not have enough space to deliver this book you can buy

the actual e-book. You can m0ore effortlessly to read this book from the smart phone. The price is not to fund but this book has high quality.

James Hudson:

This 1776 is fresh way for you who has interest to look for some information since it relief your hunger details. Getting deeper you onto it getting knowledge more you know or perhaps you who still having small amount of digest in reading this 1776 can be the light food for you because the information inside this book is easy to get by simply anyone. These books create itself in the form and that is reachable by anyone, yeah I mean in the e-book type. People who think that in guide form make them feel tired even dizzy this book is the answer. So there isn't any in reading a publication especially this one. You can find what you are looking for. It should be here for you. So , don't miss the item! Just read this e-book variety for your better life as well as knowledge.
