Amazing way to learn a new language! The book contains short story from the original novel "Adventures of Sherlock Holmes" written by Arthur Conan Doyle and corresponding Korean translation by Sherlock Holmes Readings, the publisher.

The original paragraphs are broken down into smaller blocks and Korean translation displayed in alternating fashion, e.g. English coming first and Korean following English blocks in smaller font size.

The feature provides excellent means to learn a new language by simply reading through your favorite novel.

It is our recommendation to:

- Choose a book of your language competency (Level 5 being the easier, the original version harder.).
- Read through the novel with your own language first to lock in the story-line of the novel.
- With the understanding of the story-line in mind, continuously read through the full story again this time with the new language as if you are reading it with your own native language.
- Repeat this process with the same book until you fully understand even to the smallest detail with your new language.

In this way, you will be able to learn new expressions in greater speed and depth than before and thus quickly and naturally grasp the new expressions.

We have carefully maintained Korean translation to preserved original novel's English expressions. We've done this is to enable readers to better map each language's expression with ease.

The book is the original version from the Sherlock Holmes series for most advanced readers. Lower level books (Level 5) can be found also from our Kindle store.
