The South Was Right!

By James Ronald Kennedy and Walter Donald Kennedy

History is written by the victor, and that of the American Civil War is no different. The idea that Southerners would die in order for only 6 percent of the population to own slaves just does not pass the "sniff" test. The myth of a freedom-loving North and an evil, slave-holding South is just one that is exposed in *The South Was Right!* The idea of big government not only was politicized through the issue of slavery but also was made inevitable in the South's defeat. Because of the surrender, "we the people" of the United States are no longer sovereign. Today, a supreme federal government dictates what rights the states can exercise. After the Union victory, a campaign of ongoing cultural cleansing has been waged to keep the South in its assigned place in American history. While many ethnic, religious, and cultural groups are celebrated, Southern heritage often is viewed with a wary eye.

Predicted to be "one of the most controversial books of the decade" when first published, *The South Was Right!* lives up to that forecast. This book is filled with documented evidence supporting all of the authors' claims and paints a frighteningly realistic picture of a captured people, their struggle to preserve their heritage, and their right to exist as a distinct culture and an independent country.

Descendants of Civil War soldiers, twin brothers James Ronald Kennedy and Walter Donald Kennedy are life members of the Sons of Confederate Veterans (SCV) and are active in other organizations promoting limited government and American liberty. They are frequent speakers at conferences and on radio and television programs.

In addition to *The South Was Right!*, the Kennedy twins have written numerous Pelican titles, including *Why Not Freedom!: America's Revolt Against Big Government*, *Was Jefferson Davis Right?*, and *Nullifying Tyranny: Creating Moral Communities in an Immoral Society*. Ronald, a resident of Mandeville, Louisiana, also has written *Reclaiming Liberty*. Donald, a resident of Downsville, Louisiana, has written *Myths of American Slavery* and, with Al Benson, *Lincoln's Marxists*, both of which are published by Pelican. The Kennedy twins are recipients of the Distinguished Service Medal of the National Sons of Confederate Veterans (SCV), the Governor Thomas Overton Moore Award from SCV's Louisiana Division, and the Southern Heritage Award from the Southern Heritage Society. In addition, they have been honored with numerous other awards for their efforts in defending the traditional view of the South and American liberty.

From the Back Cover

Two decades after the debut of *The South Was Right!*, the ideas espoused by authors and twin brothers James Ronald Kennedy and Walter Donald Kennedy can no longer be dismissed as the outrageous declarations of a radical element. They are the well-researched and popular view of a generation seeking to expose big government and the growing loss of states' rights and personal freedoms.

Not for the faint-hearted, *The South Was Right!* is an authoritative and well documented study of the

mythology behind Civil War history and its effects on contemporary society. The authors present extensive evidence that the South was an independent country invaded, captured, and occupied by a vicious aggressor, as it still is today. The Kennedy brothers eloquently and clearly contrast the stark realities of the tremendous human cost of the War for Southern Independence with the nearly bloodless political revolts and economically driven secessions of the twentieth century, including those of Eastern Europe and the American continents. They examine how Southern secession in 1861 was based upon a violation of unalienable rights as announced in the Declaration of Independence, and, just as the captured nations of the old Soviet Union reemerged when that empire crumbled, the Kennedy twins predict that "the South shall rise again!"

Southerners should read this book with a sense of obligation to the truth. Others should read it with open minds.

About the Author

Born in Copiah County, Mississippi, Walter Donald Kennedy grew up with a rich Southern heritage. Frequently partnering with his twin brother, James Ronald Kennedy, he has written several books published by Pelican, including *Nullifying Tyranny: Creating Moral Communities in an Immoral Society*, *The South Was Right!*, *Why Not Freedom!: America's Revolt Against Big Government*, *Was Jefferson Davis Right?*, and *Myths of American Slavery*. The Kennedy twins have been interviewed on numerous television and radio programs, including Col. Oliver North's radio show, Bill Maher's *Politically Incorrect*, BBC programs, and French National TV. Kennedy is married with four children and lives in Simsboro, Louisiana.

Born in Copiah County, Mississippi, James Ronald "Ron" Kennedy is a member of the Sons of Confederate Veterans, as his ancestors fought for the Confederacy during the Civil War. Kennedy, along with his brother, Walter Donald "Donnie" Kennedy, wrote *The South Was Right!*, exploring the political and social impact of the Civil War on both the South and the United States Constitution. *Why Not Freedom!: America's Revolt Against Big Government* picks up where their first book ends with further discussions on states' rights and individual freedom. The Kennedy brothers' third book, *Was Jefferson Davis Right?*, outlines the life and trial of Jefferson Davis. Ron Kennedy is also the coauthor of *Nullifying Tyranny: Creating Moral Communities in an Immoral Society* and *Reclaiming Liberty*, also published by Pelican Publishing Company. Kennedy is the director of risk management for a Louisiana insurance company. He lives in Mandeville, Louisiana, with his wife and four children, including a fourth direct generation of twins.

Users Review

From reader reviews:

Kim Bogdan:

Book will be written, printed, or descriptive for everything. You can realize everything you want by a reserve. Book has a different type. As you may know that book is important issue to bring us around the world. Next to that you can your reading ability was fluently. A e-book *The South Was Right!* will make you to possibly be smarter. You can feel far more confidence if you can know about every thing. But some of you think this open or reading a new book make you bored. It is not make you fun. Why they could be thought like that? Have you searching for best book or ideal book with you?
