Editorial Review

About the Author

The American Geological Institute is a nonprofit federation of 45 geoscientific and professional organizations that represents more than 100,000 geologists, geophysicists, and other earth scientists. Founded in 1948, AGI provides information services to geoscientists, serves as a voice of shared interests in the profession, plays a major role in strengthening geoscience education, and strives to increase public awareness of the vital role the geosciences play in society's use of resources and interaction with the environment.

Users Review

From reader reviews:

Dora Campfield:

As people who live in the modest era should be revise about what going on or info even knowledge to make all of them keep up with the era that is certainly always change and progress.
