Editorial Review

Review

"[The book] is introduced by a pair of notes which are sources of wonderful information about Ramanujan in their own right, both as regards his life and his mathematics. After that it is all about his mathematics: thirty-seven articles on number theory, infinite series, integrals, and combinatorics. It is all stunning, both by virtue of the content of these articles and because of the idiosyncrasy of their author."

Michael Berg, MAA Reviews

Users Review

From reader reviews:

Mark Maney:

Information is provisions for folks to get better life, information these days can get by anyone with everywhere. The information can be a knowledge or any news even a concern. What people must be consider if those information which is from the former life are difficult to be find than now is taking seriously which one works to believe or which one the resource are convinced. If you get the unstable resource then you obtain it as your main information there will be huge disadvantage for you. All of those possibilities will not happen in you if you take Collected Papers of Srinivasa Ramanujan as the daily resource information.

Carmen Jensen:

The particular book Collected Papers of Srinivasa Ramanujan will bring you to definitely the new experience of reading a book. The author style to elucidate the idea is very unique. Should you try to find new book to read, this book very acceptable to you. The book Collected Papers of Srinivasa Ramanujan is much recommended to you to see. You can also get the e-book in the official web site, so you can more easily to read the book.

Augusta Wilson:

As a college student exactly feel bored in order to reading. If their teacher questioned them to go to the library or even make summary for some e-book, they are complained. Just very little students that has reading's internal or real their hobby. They just do what the educator want, like asked to go to the library. They go to presently there but nothing reading really. Any students feel that reading through is not important, boring and can't see colorful images on there. Yeah, it is to be complicated. Book is very important for you personally. As we know that on this era, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. Therefore , this Collected Papers of Srinivasa Ramanujan can make you sense more interested to read.

Mary Moore:

What is your hobby? Have you heard in which question when you got pupils? We believe that that query was given by teacher to the students. Many kinds of hobby, Every person has different hobby. And you also know that little person including reading or as studying become their hobby. You have to know that reading is very important in addition to book as to be the point. Book is important thing to increase you knowledge, except your own teacher or lecturer. You find good news or update concerning something by book. A substantial number of sorts of books that can you take to be your object. One of them is actually Collected Papers of Srinivasa Ramanujan.
