### Interview with the Author

#### Q - Are these books for me?

A - Do you enjoy stories that make you question our hand in society's downfall? Do you like immersing yourself in post-apocalyptic dystopian adventures that deal with the gritty truth about our future survival? Do you want to read about real characters who will keep you up long past your bedtime? Do you enjoy mysteries, thrillers and science fiction with heart? If you answered yes to any of these questions, I'd say these books are definitely for you.

#### Q - What if I don't really like science fiction?

A - You don't have to be a super fan of science fiction, just love people and the connections between them. The Exilon 5 series books are character driven and while my stories are certainly categorised as science fiction, they are down to earth and very relatable. Many readers who have loved my series have not been fans of dystopian science fiction thrillers, post-apocalyptic conspiracy or space opera type stories. But after reading my books they are more than willing to give new sci-fi stories a go. If you love TV shows like *The Walking Dead*, *Game of Thrones* or Marvel's *Agents of Shield*, you'll enjoy this series.

#### Q - Can I try something a little shorter to begin with?

A - Yes you can! You can get *Derailed Conscience*, my psychological science fiction thriller story for free here: [smarturl.it/y31fek](http://smarturl.it/y31fek)

#### Q - I loved the first three books in the Exilon 5 series and want more. Will you be writing any more books?

A - Yes. *Quantum Silence* will be the fourth book, set eight years after the end of *Crimson Dawn*. I will also be writing a fifth book in the series in 2018.

#### Q - What order should I read the books in?

A - It's better to read the books in this order: *Echoes of Earth*, *New Origin*, *Becoming Human*, *Altered Reality*, *Crimson Dawn*. While it is possible to read the books out of order, reading them in order will help you to understand who the characters are and the struggles they face.

*Derailed Conscience* is a standalone book and can be read at any time.

### The Exilon 5 Series Order:

Prequels

*Echoes of Earth*  
*New Origin*

Main Series

*Becoming Human*  
*Altered Reality*  
*Crimson Dawn*  
*Quantum Silence* (coming May 2017)

Stand alone books

*Derailed Conscience* (Sequel coming in 2017)

**Q- Are you writing anything else?**

A - Yes, a young adult sci-fi series, beginning with *Feeder*, available from Amazon [smarturl.it/feederamazon](http://smarturl.it/feederamazon). It has been described as *The Maze Runner* meets *The Hunger Games*.

In 2017, I will be releasing two novellas from that world and the second book, *Breeder* later in the year.

**Thank you for reading this! I love hearing from my readers. Please get in touch with me anytime by visiting my website: [elizagreenbooks.com](http://elizagreenbooks.com)**

The Exilon 5 series has been featured on many of Amazon's bestseller lists:

*Space Exploration*  
*Genetic Engineering*  
*Space Opera*  
*Dystopian*  
*Post Apocalyptic*  
*Mystery Thriller Suspense*  
*Alien Invasion*  
*First Contact*  
*Colonization*

About the Author

Eliza Green tried her hand at fashion designing, massage, painting, and even ghost hunting, before finding her love of writing. She often wonders if her desire to change the ending of a particular glittery vampire story steered her in that direction (it did). After earning her degree in marketing, Eliza went on to work in everything but marketing but swears she uses it in everyday life, or so she tells her bank manager.

Born and raised in Dublin, Ireland, she lives there with her sci-fi loving, evil genius best friend. When not working on her next amazing science fiction adventure, you can find her reading, indulging in new food at an amazing restaurant or simply singing along to something with a half decent beat.

*Becoming Human*, *Altered Reality* and *Crimson Dawn* make up the Exilon 5 series so far. *Derailed Conscience* is her interesting foray into psychological thrillers with a sci-fi twist.

*Feeder*, a young adult sci fi novel, is available to purchase from Amazon. [smarturl.it/feederamazon](http://smarturl.it/feederamazon)
