

Freedom Without Responsibility

By Bruce N Waller

Freedom Without Responsibility By Bruce N Waller

Argues that moral responsibility must be rejected; there is no room for such a notion within our naturalist framework. This title intends to deny the common assumption that moral responsibility is inseparably linked with individual freedom.

Editorial Review

Review

"What I like most about this book is that it attacks two received positions. One, that a host of other judgments require the retention of moral responsibility The other, that moral responsibility is the best or only game in town when it comes to achieving various social goals. Received opinions are always in need of energetic attack, and the attacks here are both energetic and well written." oJeffrey Olen, author of Moral Freedom, former Professor of Philosophy, University of Wisconsin, Stevens Point

From the Publisher

A fresh perspective on the controversial set of questions surrounding determinism, naturalism, freedom, and responsibility

From the Inside Flap

"What I like most about this book is that it attacks two received positions. One, that a host of other judgments require the retention of moral responsibility The other, that moral responsibility is the best or only game in town when it comes to achieving various social goals. Received opinions are always in need of energetic attack, and the attacks here are both energetic and well written."
