MEF-CECP Study Guide for Carrier Ethernet Professionals: Updated for MEF-CECP Certification Blueprint C By Jon Kieffer, Ralph Santitiro

This third edition of Fujitsu's popular MEF-CECP study guide has been updated to align with MEF-CECP Certification Blueprint C (the document that governs MEF-CECP exam material from October 2015 until it is superseded). Like previous editions of the study guide, this edition is designed for two purposes: to help you prepare for the MEF-CECP exam and to serve a practical general reference book explaining MEF-defined Carrier Ethernet concepts and standards. The guide features careful explanations, numerous custom color graphics, and more than 200 practice questions.

The study guide assumes that you have a basic understanding of Ethernet, but no prior knowledge of Carrier Ethernet. The guide covers all topics that are included in the MEF-CECP exam (specified by Blueprint C). Material is presented systematically, beginning with MEF service definitions (the core content that accounts for most exam questions) and building outward. Each lesson ends with a set of multiple-choice review questions similar to those appearing in the MEF-CECP exam.

Content in this edition of the study guide has been expanded, restructured, and revised to align with MEF-CECP Certification Blueprint C. Core lessons have been updated to align with recently published MEF standards (6.2, 10.3 and 45) that refine and augments Carrier Ethernet service definitions and attributes.

Editorial Review

About the Author

Jon Kieffer (MEF-CECP) is a principal technical writer working for Fujitsu Network Communications since 2001. Previous to that, Jon taught software engineering at the University of Hull, U.K., and mechanical engineering at the Australian National University. Jon holds BS, MS, and PhD degrees in mechanical engineering and has authored 12 refereed journal articles and more than 30 conference papers in the fields of mechanical and controls engineering. The MEF recognized Jon as an outstanding contributor for contributions to the MEF-CECP program in 2014 and again in 2015. In 2015, Jon received the MEF Marketing Committee Editors Award for coediting the MEF white paper Understanding Bandwidth Profiles in MEF 6.2 Service Definitions.

Ralph Santitoro is a MEF founding member, board member and Distinguished Fellow who regularly contributes to projects in all MEF committees. Ralph created the MEF's Carrier Ethernet Professional Certification Program, co-developed the MEF-CECP exams and co-authored the industry's first MEF-CECP exam study guide. Ralph was editor of MEF 6, the industry's first Ethernet Services Definitions specification, and authored the MEF's Ethernet services primer with over 100,000 copies downloaded. Ralph has been a catalyst behind the MEF's Third Network Vision transforming the organization's scope to define multi-layer, multi-domain, Network-as-a-Service (NaaS) automated via lifecycle service orchestration (LSO). Over the past 10 years, Ralph has lectured and conducted seminars at over 70 international events and has published over 30 papers covering Carrier Ethernet, NaaS, Virtual Network Services, Network Virtualization, SDN, LSO, Cloud Computing, QoS, and Cybersecurity. At Fujitsu, Ralph develops solutions using Network Functions Virtualization (NFV) and Software Defined Networking (SDN) that virtualize and orchestrate network functions to deliver on-demand virtual network services.

Users Review

From reader reviews:

Charles Grove:

Nowadays reading books be than want or need but also become a life style. This reading addiction give you lot of advantages. The advantages you got of course the knowledge your information inside the book this improve your knowledge and information. The data you get based on what kind of book you read, if you want have more knowledge just go with education books but if you want sense happy read one along with theme for entertaining such as comic or novel. The particular MEF-CECP Study Guide for Carrier Ethernet Professionals: Updated for MEF-CECP Certification Blueprint C is kind of e-book which is giving the reader erratic experience.

Robert Hay:

Often the book MEF-CECP Study Guide for Carrier Ethernet Professionals: Updated for MEF-CECP Certification Blueprint C will bring you to definitely the new experience of reading any book. The author style to elucidate the idea is very unique. If you try to find new book to study, this book very suited to you. The book MEF-CECP Study Guide for Carrier Ethernet Professionals: Updated for MEF-CECP Certification

Blueprint C is much recommended to you you just read. You can also get the e-book from the official web site, so you can more easily to read the book.

Victor Smith:

A lot of people always spent their very own free time to vacation or perhaps go to the outside with them family or their friend. Do you know? Many a lot of people spent many people free time just watching TV, or playing video games all day long. If you wish to try to find a new activity here is look different you can read some sort of book. It is really fun to suit your needs. If you enjoy the book that you read you can spent all day long to reading a e-book. The book MEF-CECP Study Guide for Carrier Ethernet Professionals: Updated for MEF-CECP Certification Blueprint C it is very good to read. There are a lot of individuals who recommended this book. These were enjoying reading this book. In the event you did not have enough space to develop this book you can buy the e-book. You can m0ore quickly to read this book from a smart phone. The price is not to fund but this book offers high quality.

Barbra Poole:

Your reading sixth sense will not betray a person, why because this MEF-CECP Study Guide for Carrier Ethernet Professionals: Updated for MEF-CECP Certification Blueprint C guide written by well-known writer who knows well how to make book that could be understand by anyone who have read the book. Written in good manner for you, dripping every ideas and writing skill only for eliminate your own hunger then you still hesitation MEF-CECP Study Guide for Carrier Ethernet Professionals: Updated for MEF-CECP Certification Blueprint C as good book not simply by the cover but also by the content. This is one book that can break don't assess book by its deal with, so do you still needing one more sixth sense to pick this!?! Oh come on your studying sixth sense already told you so why you have to listening to one more sixth sense.
