### Editorial Review

#### Review

This text is right on target with content, format and layout. Great review sections at the end of chapters. Relevant photos, charts and illustrations. I have been teaching public speaking at the college level for over 30 years and have twice been ranked as the #1 Junior College Professor in the U.S. and I am certain that this textbook will be a welcome addition to the library of any speech educator looking for a solid, no nonsense book that will engage all students and transform the teaching of researching, outlining, delivering and addressing anxiety.
