

Hegel's Ladder (Vol 1 & 2)

By H. S. Harris

Hegel's Ladder (Vol 1 & 2) By H. S. Harris

A two-volume set. Print edition available in cloth only.

Awarded the Nicholas Hoare/Renaud-Bray Canadian Philosophical Association Book Prize, 2001

From the Preface:

Hegel's Ladder aspires to be . . . a 'literal commentary' on *Die Phänomenologie des Geistes*. . . . It was the conscious goal of my thirty-year struggle with Hegel to write an explanatory commentary on this book; and with its completion I regard my own 'working' career as concluded. . . . The prevailing habit of commentators . . . is founded on the general consensus of opinion that whatever else it may be, Hegel's *Phenomenology* is not the logical 'Science' that he believed it was. This is the received view that I want to overthrow. But if I am right, then an acceptably continuous chain of argument, paragraph by paragraph, ought to be discoverable in the text.

Editorial Review

Review

. . . a magnificent contribution to scholarship on the *Phenomenology*. What sets this book apart from the rest is Harris's deep commitment to thinking Hegel in context, even when Hegel's position runs counter to Harris's own cultural and philosophical position. Thus Harris self-effacingly clears away the encrustations of ideology that distorted or undermined Hegel's influence in the nineteenth century, and the contemporary biases that lead to piecemeal commentaries and salvagings of Hegel in the present day, and opens a window through which Hegel's thought can appear with perhaps less distortion than at any previous time. This commentary on the *Phenomenology* is a landmark that will date Hegel scholarship by whether it appeared before or after Harris. --Robert R. Williams, *The Review of Metaphysics*

. . . Harris provides what is without doubt the most thorough, well-researched and thoughtful study of the *Phenomenology* in English to date. . . . Harris's commentary is a splendid and quite awe-inspiring achievement--the magnificent fruit of over thirty years of study that will be savoured by future generations of scholars and students for many years to come.--Stephen Hougate, in *Radical Philosophy*, July 1999

Harris reconstructs the elaborate structure of Hegel's treatise and shows clearly that it is a unified work . . . a lucid presentation and rich orchestration of significant structure and detail. . . . A genuine landmark: all work on Hegel's *Phenomenology* will be dated by whether it precedes or follows it.--Kenneth R. Westphal, University of New Hampshire

About the Author

H. S. Harris is Professor of Philosophy Emeritus, Glendon College, York University.

Users Review

From reader reviews:

Ashley Staley:

Do you have favorite book? For those who have, what is your favorite's book? Guide is very important thing for us to understand everything in the world. Each e-book has different aim or perhaps goal; it means that e-book has different type. Some people experience enjoy to spend their time for you to read a book. They are really reading whatever they acquire because their hobby is reading a book. How about the person who don't like reading a book? Sometime, particular person feel need book after they found difficult problem or perhaps exercise. Well, probably you will want this Hegel's Ladder (Vol 1 & 2).

Valerie Orbison:

Here thing why this kind of Hegel's Ladder (Vol 1 & 2) are different and trustworthy to be yours. First of all looking at a book is good but it really depends in the content than it which is the content is as delightful as food or not. Hegel's Ladder (Vol 1 & 2) giving you information deeper and in different ways, you can find any e-book out there but there is no book that similar with Hegel's Ladder (Vol 1 & 2). It gives you thrill looking at journey, its open up your personal eyes about the thing that happened in the world which is perhaps can be happened around you. It is possible to bring everywhere like in park, café, or even in your method home by train. When you are having difficulties in bringing the published book maybe the form of Hegel's Ladder (Vol 1 & 2) in e-book can be your alternative.

Marshall Jackson:

This Hegel's Ladder (Vol 1 & 2) tend to be reliable for you who want to be described as a successful person, why. The key reason why of this Hegel's Ladder (Vol 1 & 2) can be one of the great books you must have is giving you more than just simple examining food but feed a person with information that might be will shock your previous knowledge. This book is definitely handy, you can bring it everywhere you go and whenever your conditions in e-book and printed ones. Beside that this Hegel's Ladder (Vol 1 & 2) forcing you to have an enormous of experience for instance rich vocabulary, giving you demo of critical thinking that we understand it useful in your day action. So , let's have it and revel in reading.

Richard Powe:

Playing with family within a park, coming to see the sea world or hanging out with good friends is thing that usually you have done when you have spare time, then why you don't try point that really opposite from that. One particular activity that make you not experience tired but still relaxing, trilling like on roller coaster you are ride on and with addition info. Even you love Hegel's Ladder (Vol 1 & 2), you may enjoy both. It is great combination right, you still want to miss it? What kind of hang-out type is it? Oh can occur its mind hangout men. What? Still don't get it, oh come on its known as reading friends.
