

Mastering Flask

By Jack Stouffer

Mastering Flask By Jack Stouffer

Gain expertise in Flask to create dynamic and powerful web applications

About This Book

- Work with scalable Flask application structures to create complex web apps
- Discover the most powerful Flask extensions and learn how to create one
- Deploy your application to real-world platforms using this step-by-step guide

Who This Book Is For

If you are a Flask user who knows the basics of the library and how to create basic web pages with HTML and CSS, and you want to take your applications to the next level, this is the book for you. Harnessing the full power of Flask will allow you to create complex web applications with ease.

What You Will Learn

- Set up a best practices Python environment
- Use SQLAlchemy to programmatically query a database
- Develop templates in Jinja
- Set up an MVC environment for Flask
- Discover NoSQL, when to use it, when not to, and how to use it
- Develop a custom Flask extension
- Use Celery to create asynchronous tasks

In Detail

Flask is a library that allows programmers to create web applications in Python. Flask is a micro-framework that boasts a low learning curve, a large community, and the power to create complex web apps. However, Flask is easy to learn but difficult to master.

Starting from a simple Flask app, this book will walk through advanced topics while providing practical examples of the lessons learned. After building a simple Flask app, a proper app structure is demonstrated by transforming the app to use a Model-View-Controller (MVC) architecture. With a scalable structure in

hand, the next chapters use Flask extensions to provide extra functionality to the app, including user login and registration, NoSQL querying, a REST API, an admin interface, and more. Next, you'll discover how to use unit testing to take the guesswork away from making sure the code is performing as it should. The book closes with a discussion of the different platforms that are available to deploy a Flask app on, the pros and cons of each one, and how to deploy on each one.

Style and approach

With plenty of useful examples, this guide introduces new concepts and then shows you how those concepts can be used in a real-world environment. Most sections are based around a single example app that is developed throughout the book.

Editorial Review

About the Author

Jack Stouffer

Jack Stouffer is a programmer who has several years of experience in designing web applications. He switched to Flask two years ago for all his projects. He currently works for Apollo America in Auburn Hills, Michigan and writes internal business tools and software using Python, Flask, and JavaScript. Jack is a believer and supporter of open source technology. When he released his Flask examples with the recommended best practices on GitHub, it became one of the most popular Flask repositories on the site. Jack has also worked as a reviewer for Flask Framework Cookbook, Packt Publishing.

Users Review

From reader reviews:

Timothy Brown:

Do you have favorite book? When you have, what is your favorite's book? Publication is very important thing for us to find out everything in the world. Each reserve has different aim or goal; it means that publication has different type. Some people experience enjoy to spend their the perfect time to read a book. They are really reading whatever they get because their hobby is reading a book. Why not the person who don't like reading through a book?
