O desenvolvimento psicológico humano (Portuguese Edition) By Juan Delval

A psicologia evolutiva estuda o desenvolvimento dos seres humanos e tenta explicar por que somos como somos e qual é o caminho que seguimos até virar adultos. Nos seres humanos, o desenvolvimento é um processo muito importante por ser o que nos permite construir uma natureza social sobre a nossa natureza animal. Este livro, pelas suas dimensões, não pretende ser um tratado de psicologia evolutiva, mas apenas esboçar problemas que são importantes nesta psicologia. O desenvolvimento dos seres humanos é um fenômeno fascinante que todos podemos observar, mas que pode ser mais bem-apreciado quando se dispõe de alguns elementos para compreendê-lo.
