### Editorial Review

From the Inside Flap

Excerpt in catalog:

It's all about marketing. For most of you, your target is the guys at your school. And every day you get dressed you create not only an image but a marketing campaign that tells your target market what they get when they get you. Are you hot, sassy, playful, exciting, shy, seductive, or athletic?

You've probably never really thought about it, this accidental marketing, but you do it. So why not take charge of your marketing campaign and make it what you want it to be and not some big accident (or one waiting to happen)? Let's start off with a little image consulting. This is the prep work we need to do before we dive into what sexy really is and how we manage our own sexiness.

From the Back Cover

If it ain't on the menu, keep it covered up!

Let's get real. You wanna look good. If you're like most girls, you want the attention of the opposite sex. And unless you've been living under a rock, you know that looking sexy is supposedly key to being today's "it" girl.

But have you stopped to consider that you're advertising with every outfit you put on? It's all marketing. Your clothes tell the world (including those visual creatures called guys) who you think you are.

Just because skin is in doesn't mean you have to let it all hang out to look great. *Sexy Girls* is all about helping you understand your body and how guys look at it. (And they are looking!) It explores why God cares about what's in your closet and helps you make good decisions on style that will keep you, your parents, and God all satisfied.
