

The American Revolution: A Visual History

By DK

The American Revolution: A Visual History By DK

The American Revolution will transport you back in time and onto the frontlines. This complete overview of the war brings all the action to life, from the Boston Massacre and the Boston Tea Party to the Declaration of Independence and the Treaty of Paris.

Beginning with the first stirrings of colonial resistance, *The American Revolution* presents illustrated accounts of every major military action and comprehensive timelines for every stage of the war. Revealing first-person accounts by soldiers and civilians and profiles of the war's main protagonists, from George Washington to Benedict Arnold. Gallery spreads feature collections of weapons and uniforms, and feature sections detail the politics of the war, such as the treatment of prisoners and the revolution's implications for women, Native Americans, and African Americans.

Two hundred and forty years after the signing of the Declaration of Independence, *The American Revolution* demonstrates that the story of how America overthrew the British is as meaningful today as it was when the ink was still wet on the parchment.

Created in association with the Smithsonian Institution.

Editorial Review

From School Library Journal

Gr 7 Up—Spanning from the period before the American Revolution to post-union creation, this oversize book is divided into nine sections, each of which begins with an introduction and time line. The topics cover important events and battles, different groups involved (including African and Native Americans), women of note, what life on each side was like, and equipment used (uniforms, arms, medical). Large color pictures, black-and-white drawings, and brief biographies of relevant individuals are interspersed throughout. There's enough content to give readers an understanding of why this historical period is important; some of the material will even give students a better grasp than textbooks used in secondary and lower-level college classes. The table of contents and the detailed index are ideal for finding information quickly. **VERDICT** A good additional source for reference collections in need of more treatments of the subject; the price will allow it to be also included in circulation sections.—Ann West LaPrise, Huron School District, New Boston, MI

Review

"There's enough content to give readers an understanding of why this historical period is important; some of the material will even give students a better grasp than textbooks." — **School Library Journal**
