The Phoenix Descent By Chuck Grossart

The year is 2025. Astronaut Caitlyn “Sif” Wagner and her team emerge from stasis to discover that their Mars mission has gone terribly awry—the crew has run off course in space and, they suspect, in time as well. Their damaged ship returns to an Earth reduced to overgrown cities and blasted terrain. Yet humans have somehow survived, living in caves, foraging at night, returned to a tribal existence. Sif meets Litsa, the fiercest warrior in her tribe, and learns a horrific truth: the planet is overrun with the Riy, a swarm of spore-releasing revenants intent only on spreading their infection.

But even as Sif and Litsa unite in combat, they soon realize that the battle against the Riy is only one stage on which they must fight the war for humanity’s survival.

Editorial Review

Review

"*The Phoenix Descent* was definitely one of those books that I couldn't put down. Chuck Grossart's writing was immersive and gripping, and the quick pace of the plot meant my Kindle was basically glued to my hand for the day. ...the cohesive and immersive writing style left me loving *The Phoenix Descent*. Grossart gives a breath of fresh air to a dystopia that typically struggles with representation, and science fiction, a genre that is increasingly become deep and lengthy in order to get a step ahead of the others." - *Living for Books*

"...it delivered everything I was hoping for and more! The story flow was spot on, it was a good length, there was just the right amount of action and he weaved the two story lines together seamlessly. There were also a lot of different facets to this story but they were all well-developed and mixed together nicely. I'll definitely be keeping my eye out for anything else Grossart comes out with." - *Hooked on Books*

"Chuck Grossart is one of my new favorite authors! This novel is by and large one of the best pieces I've read all year. This storyline is a movie must. I read it in a day, fully involved and couldn't turn the pages quick enough. Great character development, awesome world view and has a heart-wrenching ending. Well done, Chuck Grossart...well done!" - *Raging Book Reviews*

"This story takes you on a journey that can appeal to all kinds of Sci-Fi junkies. Time travel, aliens, apocalyptic, dystopian and space exploration genres. An adventure with multiple points of view and plenty of off shoots. An absolutely unexpected and enjoyable book. Excellent storytelling, great female leads and all well rounded characters. I will be recommending this one to all my Sci-Fi geek friends!" - *Itsy Bitsy Book Bits*

"It was really addicting and I couldn't stop reading it. The plot is great and it was extremely intense especially in the last chapters. The set of characters was great, I really loved the strong women featured, Sif and Litsa, that were essential for the plot development." - *Every Book Counts*
